Thank you to Glen Williams for inventing Heart Hugger. Thank you to everyone involved in making, marketing, and distributing it. I had CABG on December 1, 2008 and have just traded my heart hugger for a bra 8 weeks later and I want you to know I have blessed all of you every day during those 8 weeks. I cannot imagine how I would have gotten in and out of bed without Heart Hugger. I believe that my recovery would have taken a lot longer without it. I also want to thank the Ocean Springs Hospital of the Singing River Hospital system and my doctors and whomever was involved in making the Heart Hugger available to me. However, I can't find an email address for them on their website to send them a copy of this. You have my permission to use any portion of this e-mail in your testimonials page.
